IL-1 alpha/IL-1F1 Antibody (Hu146) [PE]

| 1E-1 alpha/1E-11 1 Antibody (110140) [1 E] |  |
|--|--|
| Product Information                        |  |
| Unit Size                                  | 0.1 ml   |
| Concentration                              | Please see the vial label for concentration. If unlisted please contact technical services.  |
| Storage                                    | Store at 4C in the dark.   |
| Clonality                                  | Monoclonal   |
| Clone                                      | Hu146  |
| Preservative                               | 0.05% Sodium Azide   |
| Isotype                                    | lgG1   |
| Conjugate                                  | PE   |
| Purity                                     | Protein A or G purified from cell culture supernatant  |
| Buffer                                     | PBS  |
| Product Description                        |  |
| Host                                       | Human  |
| Gene ID                                    | 3552   |
| Species                                    | Human  |
| Specificity/Sensitivity                    | Detects human IL□1α/IL□1F1 in direct ELISAs. This non-therapeutic antibody uses the same variable region sequence as the therapeutic antibody Bermekimab. This product is for research use only. |
| Immunogen                                  | Human IL□1α/IL□1F1   |
| Product Application Details                |  |
| Applications                               | Intracellular Staining by Flow Cytometry   |
| Recommended Dilutions                      | Intracellular Staining by Flow Cytometry   |
| Application Notes                          | Optimal dilution of this antibody should be experimentally determined.   |
