| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                               |
| Buffer                      | PBS                                                                                                                                      |
| Product Description         |                                                                                                                                          |
| Host                        | Rat                                                                                                                                      |
| Gene ID                     | 4756                                                                                                                                     |
| Gene Symbol                 | NEO1                                                                                                                                     |
| Species                     | Mouse                                                                                                                                    |
| Specificity/Sensitivity     | Detects mouse Neogenin in direct ELISAs and Western blots. In direct ELISAs, no cross-reactivity with recombinant mouse DCC is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse Neogenin Ala42-Ile1033 (Asp442-Leu461 del)<br>Accession # NP_032710                |
| Product Application Details |                                                                                                                                          |
| Applications                | Western Blot                                                                                                                             |
| Recommended Dilutions       | Western Blot                                                                                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                   |
