#### FAB1129MFV450

ErbB2/Her2 Antibody (191924) [mFluor Violet 450 SE]

| , | -   |
|---|---|
| Product Information                     |   |
| Unit Size                               | 0.1 ml  |
| Concentration                           | Please see the vial label for concentration. If unlisted please contact technical services.   |
| Storage                                 | Store at 4C in the dark.  |
| Clonality                               | Monoclonal  |
| Clone                                   | 191924  |
| Preservative                            | 0.05% Sodium Azide  |
| Isotype                                 | IgG2b   |
| Conjugate                               | mFluor Violet 450 SE  |
| Purity                                  | 0   |
| Buffer                                  | 50mM Sodium Borate  |
| Product Description                     |   |
| Host                                    | Mouse   |
| Gene ID                                 | 2064  |
| Gene Symbol                             | ERBB2   |
| Species                                 | Human   |
| Immunogen                               | Mouse myeloma cell line NS0-derived recombinant human ErbB2/Her2<br>Thr23-Thr652<br>Accession # P04626  |
| Notes                                   | mFluor(TM) is a trademark of AAT Bioquest, Inc. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet. |
| Product Application Details             |   |
| Applications                            | Western Blot, Flow Cytometry, Immunohistochemistry, CyTOF-ready, ELISA<br>Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair),<br>ELISA Standard (Matched Pair), Immunocytochemistry                             |
| Recommended Dilutions                   | Western Blot, Flow Cytometry, Immunohistochemistry, ELISA Standard<br>(Matched Pair), ELISA Capture (Matched Antibody Pair), ELISA Detection<br>(Matched Antibody Pair), Immunocytochemistry, CyTOF-ready                             |
| Application Notes                       | Optimal dilution of this antibody should be experimentally determined.  |
