TWEAK R/TNFRSF12 Antibody (314502) [DyLight 650]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 314502                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG2a                                                                                       |
| Conjugate           | DyLight 650                                                                                 |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                                                                                                                                 |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Rat                                                                                                                                                                                                             |
| Gene ID                 | 51330                                                                                                                                                                                                           |
| Gene Symbol             | TNFRSF12A                                                                                                                                                                                                       |
| Species                 | Human                                                                                                                                                                                                           |
| Specificity/Sensitivity | Detects human TWEAK R/TNFRSF12 in direct ELISAs and Western blots. Shows approximately 40% cross-reactivity with recombinant mouse TWEAK R and no cross-reactivity with recombinant human (rh) OPG or rhTNF RI. |
| Immunogen               | <i>E. coli</i> -derived recombinant human TWEAK R/TNFRSF12<br>Glu28-Trp79<br>Accession # Q9NP84.1                                                                                                               |
| Notes                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                               |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot                                                           |
| Recommended Dilutions       | Western Blot                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
