| Clonality                   | Monoclonal                                                                                                                                                                                                               |
| Clone                       | 276426                                                                                                                                                                                                                   |
| Preservative                | No Preservative                                                                                                                                                                                                          |
| Isotype                     | IgG1                                                                                                                                                                                                                     |
| Conjugate                   | HRP                                                                                                                                                                                                                      |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                                               |
| Buffer                      | PBS                                                                                                                                                                                                                      |
| Product Description         |                                                                                                                                                                                                                          |
| Host                        | Mouse                                                                                                                                                                                                                    |
| Gene ID                     | 2209                                                                                                                                                                                                                     |
| Gene Symbol                 | FCGR1A                                                                                                                                                                                                                   |
| Specificity/Sensitivity     | Detects human Fcγ RI in direct ELISAs and Western blots. In Western blots, this antibody does not cross-react with recombinant mouse (rm) Fcγ RI, rmFcγ RII, recombinant human (rh) Fcγ RIIA, rhFcγ RIIB, or rhFcγ RIIB. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human Fcγ RI Gln16-Pro288<br>Accession # P12314.2                                                                                                                        |
| Product Application Details |                                                                                                                                                                                                                          |
| Recommended Dilutions       | Western Blot, Flow Cytometry, CyTOF-ready                                                                                                                                                                                |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                   |
