| Storage                     | Store at 4C in the dark.                                                                                                                                                            |
| Clonality                   | Monoclonal                                                                                                                                                                          |
| Clone                       | 210608                                                                                                                                                                              |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                  |
| Isotype                     | IgG2a                                                                                                                                                                               |
| Conjugate                   | Janelia Fluor 669                                                                                                                                                                   |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                          |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                  |
| Product Description         |                                                                                                                                                                                     |
| Host                        | Mouse                                                                                                                                                                               |
| Gene ID                     | 3964                                                                                                                                                                                |
| Gene Symbol                 | LGALS8                                                                                                                                                                              |
| Species                     | Human                                                                                                                                                                               |
| Specificity/Sensitivity     | Detects human Galectin-8 in direct ELISAs and Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant human (rh) Galectin-1, -2, or -7 is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human Galectin-8<br>Met1-Trp317<br>Accession # O00214                                                                                           |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                               |
| Product Application Details |                                                                                                                                                                                     |
| Applications                | Western Blot                                                                                                                                                                        |
| Recommended Dilutions       | Western Blot                                                                                                                                                                        |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                              |
