**FAB1329H**

beta-Catenin Antibody (196621) [HRP]

| Product Information         |                                                                                                    |
|-----------------------------|----------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.2 ml                                                                                             |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.        |
| Storage                     | Store at 4C in the dark.                                                                           |
| Clonality                   | Monoclonal                                                                                         |
| Clone                       | 196621                                                                                             |
| Preservative                | No Preservative                                                                                    |
| Isotype                     | IgG2b                                                                                              |
| Conjugate                   | HRP                                                                                                |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                         |
| Buffer                      | PBS                                                                                                |
| Product Description         |                                                                                                    |
| Host                        | Mouse                                                                                              |
| Gene ID                     | 1499                                                                                               |
| Gene Symbol                 | CTNNB1                                                                                             |
| Species                     | Human, Mouse, Rat                                                                                  |
| Specificity/Sensitivity     | Detects rh $\beta$ -Catenin and endogenous human, mouse and rat $\beta$ -Catenin in Western blots. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human $\beta$ -Catenin<br>Ala2-Leu781<br>Accession # P35222    |
| Product Application Details |                                                                                                    |
| Applications                | Western Blot, Immunohistochemistry                                                                 |
| Recommended Dilutions       | Western Blot, Immunohistochemistry                                                                 |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                             |
