# FAB139K

**Application Notes** 

NKG2D/CD314 Antibody (149810) [DyLight 488]

| ING2D/CD314 Antibody (149810) [DyLight 466] |   |
|---|---|
| Product Information                         |   |
| Unit Size                                   | 0.1 ml  |
| Concentration                               | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage                                     | Store at 4C in the dark.  |
| Clonality                                   | Monoclonal  |
| Clone                                       | 149810  |
| Preservative                                | 0.05% Sodium Azide  |
| Isotype                                     | IgG1  |
| Conjugate                                   | DyLight 488   |
| Purity                                      | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer                                      | 50mM Sodium Borate  |
| Product Description                         |   |
| Host  | Mouse   |
| Gene ID                                     | 22914   |
| Gene Symbol                                 | KLRK1   |
| Species                                     | Human   |
| Specificity/Sensitivity                     | Detects human NKG2D/CD314 in Western blots.   |
| Immunogen                                   | BaF3 mouse pro-B cell line transfected with human NKG2D/CD314                               |
| Notes                                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.           |
| Product Application Details                 |   |
| Applications                                | Western Blot, Flow Cytometry, Costimulation of T Cells, CyTOF-ready, Neutralization         |
| Recommended Dilutions                       | Western Blot, Flow Cytometry, Neutralization, Costimulation of T Cells, CyTOF-ready         |

Optimal dilution of this antibody should be experimentally determined.
