Glut1 Antibody (202915) [Dyl jaht 405]

| Glut1 Antibody (202915) [DyLight 405] |  |
|---------------------------------------|--|
| Product Information                   |  |
| Unit Size                             | 0.2 ml   |
| Concentration                         | Please see the vial label for concentration. If unlisted please contact technical services.  |
| Storage                               | Store at 4C in the dark.   |
| Clonality                             | Monoclonal   |
| Clone                                 | 202915   |
| Preservative                          | 0.05% Sodium Azide   |
| Isotype                               | lgG2b  |
| Conjugate                             | DyLight 405  |
| Purity                                | Protein A or G purified from hybridoma culture supernatant   |
| Buffer                                | 50mM Sodium Borate   |
| Product Description                   |  |
| Host                                  | Mouse  |
| Gene ID                               | 6513   |
| Gene Symbol                           | SLC2A1   |
| Reactivity Notes                      | 0  |
| Specificity/Sensitivity               | Detects human Glut1. Stains human Glut1-transfected NS0 cells, but not NS0 control transfectants. Although Human Glut1 Antibody detects Glut1 on the surface of T cells (1, 2), it does not detect it on erythrocytes (5). The reason for this discrepancy is not understood, but may be related to conformational or post-translational modification differences. |
| Immunogen                             | NS0 mouse myeloma cell line transfected with human Glut1<br>Met1-Val492<br>Accession # AAA52571  |
| Notes                                 | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.  |
| Product Application Details           |  |
| Recommended Dilutions                 | Flow Cytometry, Immunocytochemistry, CyTOF-ready   |
| Application Notes                     | Optimal dilution of this antibody about he experimentally determined   |

| <b>Product Application Details</b> |  |
|------------------------------------|--|
| Recommended Dilutions              | Flow Cytometry, Immunocytochemistry, CyTOF-ready                       |
| Application Notes                  | Optimal dilution of this antibody should be experimentally determined. |
