**FAB15171A**

ULBP-3 Antibody (166514) [Allophycocyanin]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.5 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 166514                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG2a                                                                                       |
| Conjugate           | Allophycocyanin                                                                             |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | PBS                                                                                         |

| Product Description     |                                                                                                                                                               |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                                         |
| Gene ID                 | 79465                                                                                                                                                         |
| Gene Symbol             | ULBP3                                                                                                                                                         |
| Species                 | Human                                                                                                                                                         |
| Specificity/Sensitivity | Detects human ULBP-3 in direct ELISAs and Western blots. In these formats, this antibody does not cross-react with recombinant human (rh) ULBP-1 or rhULBP-2. |
| Immunogen               | BaF3 mouse pro-B cell line transfected with human ULBP-3<br>Accession # Q9BZM4                                                                                |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot                                                           |
| Recommended Dilutions       | Western Blot                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
