| Clonality                   | Monoclonal                                                                                                                                                |
| Clone                       | 196519                                                                                                                                                    |
| Preservative                | 0.05% Sodium Azide                                                                                                                                        |
| Isotype                     | IgG1                                                                                                                                                      |
| Conjugate                   | FITC                                                                                                                                                      |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                |
| Buffer                      | PBS                                                                                                                                                       |
| Product Description         |                                                                                                                                                           |
| Host                        | Mouse                                                                                                                                                     |
| Gene ID                     | 9982                                                                                                                                                      |
| Gene Symbol                 | FGFBP1                                                                                                                                                    |
| Species                     | Human                                                                                                                                                     |
| Specificity/Sensitivity     | Detects human FGF-BP in direct ELISAs and Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant rat FGF-BP is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human FGF-BP<br>Val35-Cys234<br>Accession # Q14512                                                                    |
| Product Application Details |                                                                                                                                                           |
| Applications                | Western Blot                                                                                                                                              |
| Recommended Dilutions       | Western Blot                                                                                                                                              |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                    |
