|---------------------------------------|---|
| Product Information                   |   |
| Unit Size                             | 0.1 ml  |
| Concentration                         | Please see the vial label for concentration. If unlisted please contact technical services.   |
| Storage                               | Store at 4C in the dark.  |
| Clonality                             | Monoclonal  |
| Clone                                 | 49801R  |
| Preservative                          | 0.05% Sodium Azide  |
| Isotype                               | IgG1  |
| Conjugate                             | Janelia Fluor 669   |
| Purity                                | 0   |
| Buffer                                | 50mM Sodium Borate  |
| Product Description                   |   |
| Host                                  | Mouse   |
| Gene ID                               | 2833  |
| Species                               | Human   |
| Specificity/Sensitivity               | Detects human CXCR3 in direct ELISAs.   |
| Immunogen                             | NS0 mouse myeloma cell line transfected with human CXCR3<br>Met1-Leu368<br>Accession # P49682 |
| Notes                                 | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.         |
| Product Application Details           |   |
| Applications                          | Flow Cytometry, Immunohistochemistry, CyTOF-ready, Neutralization                             |
| <b>Recommended Dilutions</b>          | Flow Cytometry, Immunohistochemistry, Neutralization, CyTOF-ready                             |
| Application Notes                     | Optimal dilution of this antibody should be experimentally determined.                        |
|                                       |   |
