| Clonality                   | Monoclonal                                                                                                                                                                                     |
| Clone                       | 336445                                                                                                                                                                                         |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                             |
| Isotype                     | IgG2b                                                                                                                                                                                          |
| Conjugate                   | Biotin                                                                                                                                                                                         |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                     |
| Buffer                      | PBS                                                                                                                                                                                            |
| Product Description         |                                                                                                                                                                                                |
| Host                        | Mouse                                                                                                                                                                                          |
| Gene ID                     | 993                                                                                                                                                                                            |
| Gene Symbol                 | CDC25A                                                                                                                                                                                         |
| Species                     | Human, Mouse, Rat                                                                                                                                                                              |
| Specificity/Sensitivity     | Detects human, mouse, and rat CDC25A in direct ELISAs and Western blots. In direct ELISA and Western blots, this antibody does not cross-react with recombinant human (rh) CDC25B or rhCDC25C. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human CDC25A<br>Glu2-Leu523<br>Accession # AAA58415                                                                                                        |
| Product Application Details |                                                                                                                                                                                                |
| Applications                | Western Blot, Immunohistochemistry                                                                                                                                                             |
| Recommended Dilutions       | Western Blot, Immunohistochemistry                                                                                                                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                         |
