C-Reactive Protein/CRP Antibody (267917) [Janelia Fluor® 549]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.5 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 267917                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG2a                                                                                       |
| Conjugate           | Janelia Fluor 549                                                                           |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                            |
|-------------------------|------------------------------------------------------------------------------------------------------------|
| Host                    | Rat                                                                                                        |
| Gene ID                 | 1401                                                                                                       |
| Gene Symbol             | CRP                                                                                                        |
| Species                 | Mouse                                                                                                      |
| Specificity/Sensitivity | Detects mouse C-Reactive Protein in ELISAs.                                                                |
| Immunogen               | Mouse myeloma cell line NS0-derived recombinant mouse C-Reactive Protein Met1-Ser225<br>Accession # P14847 |
| Notes                   | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                      |

| Product Application Details |                                                                                                               |
|-----------------------------|---------------------------------------------------------------------------------------------------------------|
| Applications                | ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair) |
| Recommended Dilutions       | ELISA Standard (Matched Pair), ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair) |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                        |
