NKp46/NCR1 Antibody (195314R) [DyLight 650]

| <b>Product Information</b> |                                                                                             |
|----------------------------|---------------------------------------------------------------------------------------------|
| <b>Unit Size</b>           | 0.1 ml                                                                                      |
| <b>Concentration</b>       | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>             | Store at 4C in the dark.                                                                    |
| <b>Clonality</b>           | Monoclonal                                                                                  |
| <b>Clone</b>               | 195314R                                                                                     |
| <b>Preservative</b>        | 0.05% Sodium Azide                                                                          |
| <b>Isotype</b>             | IgG2b                                                                                       |
| <b>Conjugate</b>           | DyLight 650                                                                                 |
| <b>Purity</b>              | Protein A or G purified from hybridoma culture supernatant                                  |
| <b>Buffer</b>              | 50mM Sodium Borate                                                                          |

| <b>Product Description</b>     |                                                                                   |
|--------------------------------|-----------------------------------------------------------------------------------|
| <b>Host</b>                    | Mouse                                                                             |
| <b>Gene ID</b>                 | 9437                                                                              |
| <b>Species</b>                 | Human                                                                             |
| <b>Specificity/Sensitivity</b> | Detects human NKp46/NCR1 in ELISA.                                                |
| <b>Immunogen</b>               | Mouse T cell hybridoma transfected with human NKp46/NCR1<br>Accession # O76036    |
| <b>Notes</b>                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries. |

| <b>Product Application Details</b> |                                                                        |
|------------------------------------|------------------------------------------------------------------------|
| <b>Applications</b>                | Flow Cytometry, Agonist Activity                                       |
| <b>Recommended Dilutions</b>       | Flow Cytometry, Agonist Activity                                       |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined. |
