| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                 |
| Isotype                     | IgG2a                                                                                                                                                                                              |
| Conjugate                   | DyLight 350                                                                                                                                                                                        |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                         |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                 |
| Product Description         |                                                                                                                                                                                                    |
| Host                        | Rat                                                                                                                                                                                                |
| Gene ID                     | 171284                                                                                                                                                                                             |
| Gene Symbol                 | Timd2                                                                                                                                                                                              |
| Species                     | Mouse                                                                                                                                                                                              |
| Specificity/Sensitivity     | Detects human TIM-2 in direct ELISAs and Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant human TIM-1, recombinant mouse (rm) TIM-1 or rmTIM-3 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse TIM $\times$ 2 His22-Asn229<br>Accession # NP_599010                                                                                         |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                  |
| Product Application Details |                                                                                                                                                                                                    |
| Applications                | Western Blot                                                                                                                                                                                       |
| Recommended Dilutions       | Western Blot                                                                                                                                                                                       |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                             |
