SCGF/CLEC11a Antibody (239004) [DyLight 405]

| Product Information         |                                                                                                |
|-----------------------------|------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                         |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.    |
| Storage                     | Store at 4C in the dark.                                                                       |
| Clonality                   | Monoclonal                                                                                     |
| Clone                       | 239004                                                                                         |
| Preservative                | 0.05% Sodium Azide                                                                             |
| Isotype                     | IgG2b                                                                                          |
| Conjugate                   | DyLight 405                                                                                    |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                     |
| Buffer                      | 50mM Sodium Borate                                                                             |
| Product Description         |                                                                                                |
| Host                        | Mouse                                                                                          |
| Gene ID                     | 6320                                                                                           |
| Species                     | Human                                                                                          |
| Specificity/Sensitivity     | Detects human SCGF/CLEC11a in direct ELISA.                                                    |
| Immunogen                   | <i>E. coli</i> -derived recombinant human SCGF/CLEC11a<br>Gly19-Phe245<br>Accession # BAA21499 |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.              |
| Product Application Details |                                                                                                |
| Applications                | Immunohistochemistry                                                                           |
| Recommended Dilutions       | Immunohistochemistry                                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                         |
