| Clone                       | 151107                                                                                                                                                                                   |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                       |
| Isotype                     | IgG1                                                                                                                                                                                     |
| Conjugate                   | PE                                                                                                                                                                                       |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                               |
| Buffer                      | PBS                                                                                                                                                                                      |
| Product Description         |                                                                                                                                                                                          |
| Host                        | Rat                                                                                                                                                                                      |
| Gene ID                     | 8324                                                                                                                                                                                     |
| Gene Symbol                 | FZD7                                                                                                                                                                                     |
| Species                     | Mouse                                                                                                                                                                                    |
| Specificity/Sensitivity     | Detects recombinant mouse (rm) Frizzled-7 in direct ELISAs and Western blots. In direct ELISAs, no cross-reactivity with recombinant mouse Frizzled-1, -2, -3, -4, -6 or -8 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse Frizzled-7<br>Gln33-Leu185 (predicted)<br>Accession # Q61090                                                                       |
| Product Application Details |                                                                                                                                                                                          |
| Applications                | Western Blot                                                                                                                                                                             |
| Recommended Dilutions       | Western Blot                                                                                                                                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                   |
