IL-6 Antibody (1936) [FITC]

| Product Information         |                                                                                                                  |
|-----------------------------|------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                           |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                      |
| Storage                     | Store at 4C in the dark.                                                                                         |
| Clonality                   | Monoclonal                                                                                                       |
| Clone                       | 1936                                                                                                             |
| Preservative                | 0.05% Sodium Azide                                                                                               |
| Isotype                     | IgG2b                                                                                                            |
| Conjugate                   | FITC                                                                                                             |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                       |
| Buffer                      | PBS                                                                                                              |
| Product Description         |                                                                                                                  |
| Host                        | Mouse                                                                                                            |
| Gene ID                     | 3569                                                                                                             |
| Gene Symbol                 | IL6                                                                                                              |
| Species                     | Human                                                                                                            |
| Specificity/Sensitivity     | Detects human IL-6 in direct ELISAs. Does not cross-react with recombinant IL-6 from mouse, rat, or pig.         |
| Immunogen                   | <i>E. coli</i> -derived recombinant human IL-6<br>Val30-Met212<br>Accession # P05231                             |
| Product Application Details |                                                                                                                  |
| Applications                | Immunohistochemistry, CyTOF-ready, Immunocytochemistry, Intracellular Staining by Flow Cytometry, Neutralization |
| Recommended Dilutions       | Immunohistochemistry, Neutralization, Intracellular Staining by Flow Cytometry, Immunocytochemistry, CyTOF-ready |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                           |
