GASP-2/WFIKKN Antibody (289827) [Biotin]

| Product Information         |                                                                                                                                 |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.5 ml                                                                                                                          |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                     |
| Storage                     | Store at 4C in the dark.                                                                                                        |
| Clonality                   | Monoclonal                                                                                                                      |
| Clone                       | 289827                                                                                                                          |
| Preservative                | 0.05% Sodium Azide                                                                                                              |
| Isotype                     | IgG2b                                                                                                                           |
| Conjugate                   | Biotin                                                                                                                          |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                      |
| Buffer                      | PBS                                                                                                                             |
| Product Description         |                                                                                                                                 |
| Host                        | Mouse                                                                                                                           |
| Gene ID                     | 117166                                                                                                                          |
| Gene Symbol                 | WFIKKN1                                                                                                                         |
| Species                     | Human                                                                                                                           |
| Specificity/Sensitivity     | Detects human GASP-2/WFIKKN in ELISAs. In sandwich immunoassays, no cross-reactivity with recombinant human GASP-1 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human GASP-2/WFIKKN Ala20-Asp548<br>Accession # Q96NZ8                          |
| Product Application Details |                                                                                                                                 |
| Applications                | ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair)                   |
| Recommended Dilutions       | ELISA Standard (Matched Pair), ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair)                   |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                          |
