| Clonality                   | Monoclonal                                                                                                                                                                                      |
| Clone                       | 316801                                                                                                                                                                                          |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                              |
| Isotype                     | IgG1                                                                                                                                                                                            |
| Conjugate                   | DyLight 488                                                                                                                                                                                     |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                      |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                              |
| Product Description         |                                                                                                                                                                                                 |
| Host                        | Mouse                                                                                                                                                                                           |
| Gene ID                     | 6695                                                                                                                                                                                            |
| Gene Symbol                 | SPOCK1                                                                                                                                                                                          |
| Species                     | Human                                                                                                                                                                                           |
| Specificity/Sensitivity     | Detects human Testican 1/SPOCK1 in direct ELISAs and Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant human (rh) Testican 2 or rhTestican 3 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human Testican 1/SPOCK1 Arg22-Trp439<br>Accession # Q08629                                                                                      |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                               |
| Product Application Details |                                                                                                                                                                                                 |
| Applications                | Western Blot, Immunoprecipitation                                                                                                                                                               |
| Recommended Dilutions       | Western Blot, Immunoprecipitation                                                                                                                                                               |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                          |
