| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                                                                                                                      |
| <b>Isotype</b>                     | IgG2a                                                                                                                                                                                                   |
| <b>Conjugate</b>                   | PerCP                                                                                                                                                                                                   |
| <b>Purity</b>                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                              |
| <b>Buffer</b>                      | PBS                                                                                                                                                                                                     |
| <b>Product Description</b>         |                                                                                                                                                                                                         |
| <b>Host</b>                        | Rat                                                                                                                                                                                                     |
| <b>Gene ID</b>                     | 386724                                                                                                                                                                                                  |
| <b>Gene Symbol</b>                 | AMIGO3                                                                                                                                                                                                  |
| <b>Species</b>                     | Mouse                                                                                                                                                                                                   |
| <b>Specificity/Sensitivity</b>     | Detects mouse AMIGO3 in direct ELISAs and Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant mouse AMIGO2, recombinant human (rh) AMIGO1, or rhAMIGO2 is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant mouse AMIGO3<br>Thr20-Pro378<br>Accession # Q8C2S7                                                                                                      |
| <b>Product Application Details</b> |                                                                                                                                                                                                         |
| <b>Applications</b>                | Western Blot, Immunohistochemistry                                                                                                                                                                      |
| <b>Recommended Dilutions</b>       | Western Blot, Immunohistochemistry                                                                                                                                                                      |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                  |
