PIR-B Antibody (326414) [Janelia Fluor® 525]

| Product Information         |                                                                                                                                            |
|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                                     |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                                |
| Storage                     | Store at 4C in the dark.                                                                                                                   |
| Clonality                   | Monoclonal                                                                                                                                 |
| Clone                       | 326414                                                                                                                                     |
| Preservative                | 0.05% Sodium Azide                                                                                                                         |
| Isotype                     | IgG2a                                                                                                                                      |
| Conjugate                   | Janelia Fluor 525                                                                                                                          |
| Purity                      | Protein A or G purified                                                                                                                    |
| Buffer                      | 50mM Sodium Borate                                                                                                                         |
| Product Description         |                                                                                                                                            |
| Host                        | Rat                                                                                                                                        |
| Gene ID                     | 11025                                                                                                                                      |
| Gene Symbol                 | Pirb                                                                                                                                       |
| Species                     | Mouse                                                                                                                                      |
| Specificity/Sensitivity     | Detects mouse PIR-B in direct ELISAs and Western blots. In Western blots, this antibody does not cross-react with recombinant mouse PIR□A. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse PIR-B<br>Gly24-Gly635<br>Accession # AAH26937                                        |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                      |
| Product Application Details |                                                                                                                                            |
| Applications                | Western Blot, Flow Cytometry, CyTOF-ready                                                                                                  |
| Recommended Dilutions       | Western Blot, Flow Cytometry, CyTOF-ready                                                                                                  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                     |
