DCAR/CLEC4B Antibody (349214) [Janelia Fluor® 549]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 349214                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG2a                                                                                       |
| Conjugate           | Janelia Fluor 549                                                                           |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                        |
|-------------------------|--------------------------------------------------------------------------------------------------------|
| Host                    | Rat                                                                                                    |
| Gene ID                 | 6320                                                                                                   |
| Gene Symbol             | Clec4b1                                                                                                |
| Specificity/Sensitivity | Detects mouse DCAR/CLEC4B in direct ELISAs.                                                            |
| Immunogen               | Mouse myeloma cell line NS0-derived recombinant mouse DCAR/CLEC4B Gln42-Leu209<br>Accession # AAR13070 |
| Notes                   | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                  |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Recommended Dilutions       | Flow Cytometry, CyTOF-ready                                            |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
