IGF-I/IGF-1 Antibody (56408) [FITC]

| Product Information         |                                                                                                                                                                                                  |
|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                                                                                           |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                                                                                      |
| Storage                     | Store at 4C in the dark.                                                                                                                                                                         |
| Clonality                   | Monoclonal                                                                                                                                                                                       |
| Clone                       | 56408                                                                                                                                                                                            |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                               |
| Isotype                     | IgG1                                                                                                                                                                                             |
| Conjugate                   | FITC                                                                                                                                                                                             |
| Purity                      | Protein A or G purified from ascites                                                                                                                                                             |
| Buffer                      | PBS                                                                                                                                                                                              |
| Product Description         |                                                                                                                                                                                                  |
| Host                        | Mouse                                                                                                                                                                                            |
| Gene ID                     | 3479                                                                                                                                                                                             |
| Gene Symbol                 | IGF1                                                                                                                                                                                             |
| Species                     | Human                                                                                                                                                                                            |
| Specificity/Sensitivity     | Detects human IGF-I/IGF-1 in ELISAs and Western blots. In ELISAs, this antibody does not cross-react with recombinant mouse (rm) IGF-I/IGF-1, rmIGF-II/IGF-2, or recombinant human IGF-II/IGF-2. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human IGF-I/IGF-1<br>Gly49-Ala118<br>Accession # P01343                                                                                                      |
| Product Application Details |                                                                                                                                                                                                  |
| Applications                | Western Blot, ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair)                                                                      |
| Recommended Dilutions       | Western Blot, ELISA Standard (Matched Pair), ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair)                                                                      |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                           |
