Clusterin/APOJ Antibody (350270) [FITC]

| Product Information         |                                                                                                                                      |
|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                               |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                          |
| Storage                     | Store at 4C in the dark.                                                                                                             |
| Clonality                   | Monoclonal                                                                                                                           |
| Clone                       | 350270                                                                                                                               |
| Preservative                | 0.05% Sodium Azide                                                                                                                   |
| Isotype                     | IgG1                                                                                                                                 |
| Conjugate                   | FITC                                                                                                                                 |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                           |
| Buffer                      | PBS                                                                                                                                  |
| Product Description         |                                                                                                                                      |
| Host                        | Mouse                                                                                                                                |
| Gene ID                     | 1191                                                                                                                                 |
| Gene Symbol                 | CLU                                                                                                                                  |
| Species                     | Human                                                                                                                                |
| Specificity/Sensitivity     | Detects recombinant human Clusterin in ELISAs.                                                                                       |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human Clusterin Asp23-Arg227 (beta) & Ser228-Glu449 (alpha)<br>Accession # NP_001822 |
| Product Application Details |                                                                                                                                      |
| Applications                | Immunohistochemistry, ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair)  |
| Recommended Dilutions       | Immunohistochemistry, ELISA Standard (Matched Pair), ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair)  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                               |
