**FAB2937A**

Clusterin/APOJ Antibody (350227) [Allophycocyanin]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 350227                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG2b                                                                                       |
| Conjugate           | Allophycocyanin                                                                             |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | PBS                                                                                         |

| Product Description     |                                                                                                                                                                                      |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                                                                |
| Gene ID                 | 1191                                                                                                                                                                                 |
| Gene Symbol             | CLU                                                                                                                                                                                  |
| Species                 | Human                                                                                                                                                                                |
| Specificity/Sensitivity | Detects human Clusterin in direct ELISAs and Western blots. Does not cross-react with recombinant human Clusterin-like 1, recombinant mouse Clusterin, or recombinant rat Clusterin. |
| Immunogen               | Mouse myeloma cell line NS0-derived recombinant human Clusterin isoform 1 Asp23-Arg227 (beta) & Ser228-Glu449 (alpha)<br>Accession # NP_001822                                       |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot, Immunohistochemistry, Immunoprecipitation                |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Immunoprecipitation                |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
