#### FAB2950B

MICL/CLEC12A Antibody (812303) [Biotin]

| Product Information          |                                                                                                                                          |  |
|------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|--|
| Unit Size                    | 0.1 ml                                                                                                                                   |  |
| Concentration                | Please see the vial label for concentration. If unlisted please contact technical services.                                              |  |
| Storage                      | Store at 4C in the dark.                                                                                                                 |  |
| Clonality                    | Monoclonal                                                                                                                               |  |
| Clone                        | 812303                                                                                                                                   |  |
| Preservative                 | 0.05% Sodium Azide                                                                                                                       |  |
| Isotype                      | IgG2a                                                                                                                                    |  |
| Conjugate                    | Biotin                                                                                                                                   |  |
| Purity                       | Protein A or G purified from hybridoma culture supernatant                                                                               |  |
| Buffer                       | PBS                                                                                                                                      |  |
| Product Description          |                                                                                                                                          |  |
| Host                         | Rat                                                                                                                                      |  |
| Gene ID                      | 160364                                                                                                                                   |  |
| Species                      | Mouse                                                                                                                                    |  |
| Specificity/Sensitivity      | Detects mouse MICL/CLEC12A in direct ELISAs.                                                                                             |  |
| Immunogen                    | Mouse myeloma cell line NS0-derived recombinant mouse MICL/CLEC12A with<br>an N-terminal 9-His tag<br>Thr67-Arg267<br>Accession # Q504P2 |  |
| Product Application Details  |                                                                                                                                          |  |
| Applications                 | Flow Cytometry, CyTOF-ready                                                                                                              |  |
| <b>Recommended Dilutions</b> | Flow Cytometry, CyTOF-ready                                                                                                              |  |
| Application Notes            | Optimal dilution of this antibody should be experimentally determined.                                                                   |  |
|                              |                                                                                                                                          |  |
