FAB30851APCCY7

LILRA1/LILRB1 Antibody (586326) [Allophycocyanin/Cy7]

| Product Information | |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Unit Size | 0.1 ml |
| Concentration | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage | Store at 4C in the dark. Do not freeze. |
| Clonality | Monoclonal |
| Clone | 586326 |
| Preservative | 0.05% Sodium Azide |
| Isotype | IgG2b |
| Conjugate | Allophycocyanin/Cy7 |
| Purity | Protein A or G purified from hybridoma culture supernatant |
| Buffer | PBS |
| Product Description | |
| Host | Mouse |
| Gene ID | 11024 |
| Gene Symbol | LILRA1 |
| Species | Human |
| Specificity/Sensitivity | Detects human LILRA1 in direct ELISAs. In direct ELISAs, 100% cross-reactivity with recombinant human (rh) LILRB1 is observed and no cross-reactivity rhILT3, 4, 5, 6, rhLIR-7 or -8 is observed. |
| Immunogen | Mouse myeloma cell line NS0-derived recombinant human LILRA1 Pro17-Asn461 Accession # O75019 |
| Product Application Details | |
| Applications | Flow Cytometry |
| Recommended Dilutions | Flow Cytometry |
| Application Notes | Optimal dilution of this antibody should be experimentally determined. For optimal results using our Tandem dyes, please avoid prolonged exposure to light or extreme temperature fluctuations. These can lead to irreversible degradation or decoupling. When staining intracellular targets, specific attention to the fixation and permeabilization steps in your flow protocol may be required. Please contact our technical support team at technical@novusbio.com if you have any questions. |
