VE-Statin/EGFL7 Antibody (362907) [Janelia Fluor® 646]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 362907                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG2b                                                                                       |
| Conjugate           | Janelia Fluor 646                                                                           |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                                                                                   |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Rat                                                                                                                                                               |
| Gene ID                 | 51162                                                                                                                                                             |
| Gene Symbol             | EGFL7                                                                                                                                                             |
| Species                 | Mouse                                                                                                                                                             |
| Specificity/Sensitivity | Detects mouse VE-Statin in direct ELISAs and Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant human VE-Statin is observed. |
| Immunogen               | <i>E. coli</i> -derived recombinant mouse VE-Statin Isoform 1<br>Thr21-Leu275<br>Accession # Q9QXT5                                                               |
| Notes                   | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                             |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot                                                           |
| Recommended Dilutions       | Western Blot                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
