**FAB3302I**

CXCR1/IL-8RA Antibody (42709) [Janelia Fluor® 549]

| <b>Product Information</b>         |                                                                                                      |
|------------------------------------|------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>                   | 0.1 ml                                                                                               |
| <b>Concentration</b>               | Please see the vial label for concentration. If unlisted please contact technical services.          |
| <b>Storage</b>                     | Store at 4C in the dark.                                                                             |
| <b>Clonality</b>                   | Monoclonal                                                                                           |
| <b>Clone</b>                       | 42709                                                                                                |
| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                   |
| <b>Isotype</b>                     | IgG2a                                                                                                |
| <b>Conjugate</b>                   | Janelia Fluor 549                                                                                    |
| <b>Purity</b>                      | Protein A or G purified from hybridoma culture supernatant                                           |
| <b>Buffer</b>                      | 50mM Sodium Borate                                                                                   |
| <b>Product Description</b>         |                                                                                                      |
| <b>Host</b>                        | Mouse                                                                                                |
| <b>Gene ID</b>                     | 3577                                                                                                 |
| <b>Species</b>                     | Human                                                                                                |
| <b>Specificity/Sensitivity</b>     | Detects human CXCR1/IL-8RA in direct ELISAs.                                                         |
| <b>Immunogen</b>                   | NS0 mouse myeloma cell line transfected with human CXCR1/IL-8 RA Met1-Leu350<br>Accession # AAA59159 |
| <b>Notes</b>                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                |
| <b>Product Application Details</b> |                                                                                                      |
| <b>Applications</b>                | Flow Cytometry, CyTOF-ready                                                                          |
| <b>Recommended Dilutions</b>       | Flow Cytometry, CyTOF-ready                                                                          |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                               |
