**FAB3347B**

DPCR-1 Antibody (213201) [Biotin]

| Product Information         |                                                                                                     |
|-----------------------------|-----------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                              |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.         |
| Storage                     | Store at 4C in the dark.                                                                            |
| Clonality                   | Monoclonal                                                                                          |
| Clone                       | 213201                                                                                              |
| Preservative                | 0.05% Sodium Azide                                                                                  |
| Isotype                     | IgG2a                                                                                               |
| Conjugate                   | Biotin                                                                                              |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                          |
| Buffer                      | PBS                                                                                                 |
| Product Description         |                                                                                                     |
| Host                        | Mouse                                                                                               |
| Gene ID                     | 135656                                                                                              |
| Gene Symbol                 | DPCR1                                                                                               |
| Species                     | Human                                                                                               |
| Specificity/Sensitivity     | Detects human human DPCR-1. Stains human DPCR-1-transfected cells but not irrelevant transfectants. |
| Immunogen                   | NS0 mouse myeloma cell line transfected with human DPCR-1 Met1-Arg235<br>Accession # AAH69477       |
| Product Application Details |                                                                                                     |
| Applications                | Flow Cytometry, CyTOF-ready                                                                         |
| Recommended Dilutions       | Flow Cytometry, CyTOF-ready                                                                         |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                              |
