| Clone                       | 69403                                                                                                                                                                                                                                                                         |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                                                                            |
| Isotype                     | IgG1                                                                                                                                                                                                                                                                          |
| Conjugate                   | DyLight 350                                                                                                                                                                                                                                                                   |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                                                                                                    |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                                                                            |
| Product Description         |                                                                                                                                                                                                                                                                               |
| Host                        | Mouse                                                                                                                                                                                                                                                                         |
| Gene ID                     | 3624                                                                                                                                                                                                                                                                          |
| Gene Symbol                 | INHBA                                                                                                                                                                                                                                                                         |
| Species                     | Human, Mouse, Rat                                                                                                                                                                                                                                                             |
| Specificity/Sensitivity     | Detects recombinant human Activin A in ELISAs. Also recognizes Activin A precursor. The amino acid sequences of mature $\beta$ A subunits from human, mouse and rat are identical. Therefore, this antibody will also detect the mature $\beta$ A subunit from mouse and rat. |
| Immunogen                   | Chinese hamster ovary cell line CHO-derived recombinant human Activin A                                                                                                                                                                                                       |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                                             |
| Product Application Details |                                                                                                                                                                                                                                                                               |
| Applications                | ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), Neutralization                                                                                                                                                                                |
| Recommended Dilutions       | Neutralization, ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair)                                                                                                                                                                                |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                        |
