Myocilin Antibody (297817) [FITC]

| Product Information         |                                                                                                                              |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                       |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                  |
| Storage                     | Store at 4C in the dark.                                                                                                     |
| Clonality                   | Monoclonal                                                                                                                   |
| Clone                       | 297817                                                                                                                       |
| Preservative                | 0.05% Sodium Azide                                                                                                           |
| Isotype                     | IgG2b                                                                                                                        |
| Conjugate                   | FITC                                                                                                                         |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                   |
| Buffer                      | PBS                                                                                                                          |
| Product Description         |                                                                                                                              |
| Host                        | Mouse                                                                                                                        |
| Gene ID                     | 4653                                                                                                                         |
| Gene Symbol                 | MYOC                                                                                                                         |
| Species                     | Human                                                                                                                        |
| Specificity/Sensitivity     | Detects human Myocilin in direct ELISAs. In direct ELISAs, 75% cross-reactivity with recombinant mouse Myocilin is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human Myocilin<br>Arg33-Met504<br>Accession # Q99972                         |
| Product Application Details |                                                                                                                              |
| Applications                | Immunohistochemistry                                                                                                         |
| Recommended Dilutions       | Immunohistochemistry                                                                                                         |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                       |
