**FAB3689A**

TIM-1/KIM-1/HAVCR Antibody (511227) [Allophycocyanin]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 511227                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1                                                                                        |
| Conjugate           | Allophycocyanin                                                                             |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | PBS                                                                                         |

| Product Description     |                                                                                                                                                                                                                                                |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                                                                                                                          |
| Gene ID                 | 26762                                                                                                                                                                                                                                          |
| Gene Symbol             | HAVCR1                                                                                                                                                                                                                                         |
| Species                 | Rat                                                                                                                                                                                                                                            |
| Specificity/Sensitivity | Detects rat TIM-1/KIM-1/HAVCR in ELISAs. In sandwich immunoassays, no cross-reactivity or interference with recombinant mouse (rm) TIM $\square$ 1, rmTIM-3, rmTIM-4, recombinant human (rh) TIM $\square$ 1, rhTIM-4, or rhNKp44 is observed. |
| Immunogen               | Mouse Myeloma cell line NS0-derived recombinant rat TIM-1/KIM-1/HAVCR Ser18-Val238<br>Accession # O54947                                                                                                                                       |

| Product Application Details |                                                                                                               |
|-----------------------------|---------------------------------------------------------------------------------------------------------------|
| Applications                | ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair) |
| Recommended Dilutions       | ELISA Standard (Matched Pair), ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair) |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                        |
