CTLA-4 Antibody (1003705) [Janelia Fluor® 646]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 1003705                                                                                     |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1                                                                                        |
| Conjugate           | Janelia Fluor 646                                                                           |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                              |
|-------------------------|----------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                        |
| Gene ID                 | 1493                                                                                         |
| Species                 | Human, Mouse                                                                                 |
| Specificity/Sensitivity | Detects human CTLA-4 in direct ELISAs. Detects human and mouse CTLA-4 in Western blots.      |
| Immunogen               | Chinese Hamster Ovary cell line, CHO-derived human CTLA-4 Ala37-Phe162<br>Accession # P16410 |
| Notes                   | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.        |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot, Agonist Activity                                         |
| Recommended Dilutions       | Western Blot, Agonist Activity                                         |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
