CEACAM8/CD66b Antibody (913542) [DyLight 550]

| Product Information         |                                                                                               |
|-----------------------------|-----------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                        |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.   |
| Storage                     | Store at 4C in the dark.                                                                      |
| Clonality                   | Monoclonal                                                                                    |
| Clone                       | 913542                                                                                        |
| Preservative                | 0.05% Sodium Azide                                                                            |
| Isotype                     | IgG1                                                                                          |
| Conjugate                   | DyLight 550                                                                                   |
| Purity                      | Protein A or G purified from cell culture supernatant                                         |
| Buffer                      | 50mM Sodium Borate                                                                            |
| Product Description         |                                                                                               |
| Host                        | Mouse                                                                                         |
| Gene ID                     | 1088                                                                                          |
| Gene Symbol                 | CEACAM8                                                                                       |
| Specificity/Sensitivity     | Detects human CEACAM-8/CD66b in direct ELISAs and Western blots.                              |
| Immunogen                   | <i>E.coli</i> -derived recombinant human CEACAM-8/CD66b<br>Gln35-His141<br>Accession # P31997 |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.             |
| Product Application Details |                                                                                               |
| Recommended Dilutions       | Western Blot, Flow Cytometry, CyTOF-ready                                                     |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                        |
