| Clonality                   | Monoclonal                                                                                                                                     |
| Clone                       | 201136                                                                                                                                         |
| Preservative                | No Preservative                                                                                                                                |
| Isotype                     | IgG2a                                                                                                                                          |
| Conjugate                   | HRP                                                                                                                                            |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                     |
| Buffer                      | PBS                                                                                                                                            |
| Product Description         |                                                                                                                                                |
| Host                        | Rat                                                                                                                                            |
| Gene ID                     | 3600                                                                                                                                           |
| Gene Symbol                 | IL15                                                                                                                                           |
| Species                     | Mouse                                                                                                                                          |
| Specificity/Sensitivity     | Detects mouse IL-15 in ELISAs and Western blots. Does not cross-react with recombinant mouse (rm) IL $\alpha$ 2, rhIL $\alpha$ 15, or rmIL-21. |
| Immunogen                   | <i>E. coli</i> -derived recombinant mouse IL-15<br>Asn49-Ser162<br>Accession # P48346                                                          |
| Product Application Details |                                                                                                                                                |
| Applications                | Western Blot, ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair)                    |
| Recommended Dilutions       | Western Blot, ELISA Standard (Matched Pair), ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair)                    |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                         |
