SIRP gamma/CD172g Antibody (595337) [FITC]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 595337                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1                                                                                        |
| Conjugate           | FITC                                                                                        |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | PBS                                                                                         |

| Product Description     |                                                                                                                                                                                                                        |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                                                                                                  |
| Gene ID                 | 55423                                                                                                                                                                                                                  |
| Gene Symbol             | SIRPG                                                                                                                                                                                                                  |
| Species                 | Human                                                                                                                                                                                                                  |
| Specificity/Sensitivity | Detects human SIRP $\gamma$ /CD172g in direct ELISAs and Western blots. In direct ELISAs and Western blots, less than 20% cross-reactivity with recombinant human (rh) SIRP $\alpha$ and rhSIRP $\beta$ 1 is observed. |
| Immunogen               | Chinese hamster ovary cell line CHO-derived recombinant human SIRP $\gamma$ /CD172g<br>Val64-Ser364<br>Accession # Q9P1W8                                                                                              |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot                                                           |
| Recommended Dilutions       | Western Blot                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
