| Clonality                   | Monoclonal                                                                                                                                                                                                    |
| Clone                       | 2526B                                                                                                                                                                                                         |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                            |
| Isotype                     | IgG                                                                                                                                                                                                           |
| Conjugate                   | PE                                                                                                                                                                                                            |
| Purity                      | Protein A or G purified from cell culture supernatant                                                                                                                                                         |
| Buffer                      | PBS                                                                                                                                                                                                           |
| Product Description         |                                                                                                                                                                                                               |
| Host                        | Rabbit                                                                                                                                                                                                        |
| Gene ID                     | 9235                                                                                                                                                                                                          |
| Species                     | Human                                                                                                                                                                                                         |
| Specificity/Sensitivity     | Detects human IL-32 gamma and other IL-32 isoforms in direct ELISAs. In direct ELISAs, 100% cross-reactivity with recombinant human (rh) IL-32 alpha and 100% cross-reactivity with rhIL-32 beta is detected. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human IL-32γ protein<br>Met1-Lys188<br>Accession # P24001                                                                                                                 |
| Product Application Details |                                                                                                                                                                                                               |
| Applications                | Western Blot                                                                                                                                                                                                  |
| Recommended Dilutions       | Western Blot                                                                                                                                                                                                  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                        |
