| Clonality                   | Monoclonal                                                                                                                                                                                                  |
| Clone                       | 518630                                                                                                                                                                                                      |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                          |
| Isotype                     | IgG2b                                                                                                                                                                                                       |
| Conjugate                   | DyLight 350                                                                                                                                                                                                 |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                                  |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                          |
| Product Description         |                                                                                                                                                                                                             |
| Host                        | Rat                                                                                                                                                                                                         |
| Gene ID                     | 18489                                                                                                                                                                                                       |
| Gene Symbol                 | Reg3b                                                                                                                                                                                                       |
| Species                     | Mouse                                                                                                                                                                                                       |
| Specificity/Sensitivity     | Detects mouse Reg3B in direct ELISAs and Western blots. In direct ELISAs, does not cross-react with recombinant mouse (rm) Reg3A, rmReg3D, recombinant human Reg3D, recombinant rat (rr) Reg3B, or rrReg3G. |
| Immunogen                   | <i>E. coli</i> -derived recombinant mouse Reg3B<br><br>Glu27-Gly175<br>Accession # P35230                                                                                                                   |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                           |
| Product Application Details |                                                                                                                                                                                                             |
| Applications                | Western Blot                                                                                                                                                                                                |
| Recommended Dilutions       | Western Blot                                                                                                                                                                                                |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                      |
