| Gene ID                 | 6369                                                                                                                                                                                                                                                                                                                              |
| Gene Symbol             | CCL24                                                                                                                                                                                                                                                                                                                             |
| Species                 | Mouse                                                                                                                                                                                                                                                                                                                             |
| Specificity/Sensitivity | Detects mouse CCL24/Eotaxin□2/MPIF□2 in Western blots. In Western blots, no cross-reactivity with recombinant human CCL1, 2, 3, 4, 5, 7, 8, 11, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 28, recombinant mouse CCL1, 2, 3, 4, 6, 7, 9/10/MIP-1γ, 11, 12, 19, 20, 21, 22, 25, 28, or recombinant rat CCL20 is observed. |
| Immunogen               | <i>E. coli</i> -derived recombinant mouse CCL24/Eotaxin□2/MPIF□2<br>Ile24-Val119<br>Accession # Q9JKC0                                                                                                                                                                                                                            |

| Product Application Details |                                                                                                                                             |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot, ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair), Neutralization |
| Recommended Dilutions       | Western Blot, ELISA Standard (Matched Pair), Neutralization, ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair) |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                      |
