| Isotype                     | IgG1                                                                                                                                                                                                                     |
| Conjugate                   | HRP                                                                                                                                                                                                                      |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                                               |
| Buffer                      | PBS                                                                                                                                                                                                                      |
| Product Description         |                                                                                                                                                                                                                          |
| Host                        | Mouse                                                                                                                                                                                                                    |
| Gene ID                     | 250                                                                                                                                                                                                                      |
| Gene Symbol                 | ALPP                                                                                                                                                                                                                     |
| Species                     | Human                                                                                                                                                                                                                    |
| Specificity/Sensitivity     | Detects human Alkaline Phosphatase/ALPP in direct ELISAs. In direct ELISAs, this antibody cross-reacts at 100% with recombinant human (rh) ALPPL2, but no cross-reactivity with rhAlkaline Phosphatase/ALPI is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human Alkaline Phosphatase/ALPP<br>Ile23-Asp506<br>Accession # P05187                                                                                                    |
| Product Application Details |                                                                                                                                                                                                                          |
| Applications                | Western Blot, Immunohistochemistry                                                                                                                                                                                       |
| Recommended Dilutions       | Western Blot, Immunohistochemistry                                                                                                                                                                                       |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                   |
