**FAB5996A**

RTN1-A/NSP Antibody (559706) [Allophycocyanin]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 559706                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1                                                                                        |
| Conjugate           | Allophycocyanin                                                                             |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | PBS                                                                                         |

| Product Description     |                                                                                                                                                                        |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                                                  |
| Gene ID                 | 6252                                                                                                                                                                   |
| Gene Symbol             | Rtn1                                                                                                                                                                   |
| Species                 | Rat                                                                                                                                                                    |
| Specificity/Sensitivity | Detects rat RTN1-A/NSP in direct ELISAs. In direct ELISAs, no cross-reactivity with recombinant rat RTN-A2B, recombinant human (rh) RTN1-A, and rhRTN3-A1 is observed. |
| Immunogen               | <i>E. coli</i> -derived recombinant rat RTN1-A/NSP<br>Met73-Ser502<br>Accession # Q64548                                                                               |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Immunohistochemistry                                                   |
| Recommended Dilutions       | Immunohistochemistry                                                   |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
