| Clone                       | 766842                                                                                                                                                                                 |
| Preservative                | No Preservative                                                                                                                                                                        |
| Isotype                     | IgG2a                                                                                                                                                                                  |
| Conjugate                   | HRP                                                                                                                                                                                    |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                             |
| Buffer                      | PBS                                                                                                                                                                                    |
| Product Description         |                                                                                                                                                                                        |
| Host                        | Mouse                                                                                                                                                                                  |
| Gene ID                     | 7148                                                                                                                                                                                   |
| Gene Symbol                 | TNXB                                                                                                                                                                                   |
| Species                     | Human                                                                                                                                                                                  |
| Specificity/Sensitivity     | Detects human Tenascin XB2 in ELISAs and Western blots. Also detects Tenascin X in Western blots. In direct ELISAs, no cross-reactivity with recombinant human Tenascin R is observed. |
| Immunogen                   | Chinese hamster ovary cell line CHO-derived recombinant human Tenascin XB2 Met1-Tyr673<br>Accession # AAH33740                                                                         |
| Product Application Details |                                                                                                                                                                                        |
| Applications                | Western Blot                                                                                                                                                                           |
| Recommended Dilutions       | Western Blot                                                                                                                                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                 |
