| Clone                       | 823123                                                                                                                                                                     |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                         |
| Isotype                     | IgG2a                                                                                                                                                                      |
| Conjugate                   | DyLight 350                                                                                                                                                                |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                 |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                         |
| Product Description         |                                                                                                                                                                            |
| Host                        | Rat                                                                                                                                                                        |
| Gene ID                     | 6688                                                                                                                                                                       |
| Gene Symbol                 | Spi1                                                                                                                                                                       |
| Species                     | Mouse                                                                                                                                                                      |
| Specificity/Sensitivity     | Detects mouse PU.1/Spi-1 in ELISAs. In direct ELISAs, no cross-reactivity with recombinant human PU.1/Spi-1 is observed. Detects mouse and rat PU.1/Spi-1 in Western Blots |
| Immunogen                   | <i>E. coli</i> -derived recombinant mouse Spi-1<br>Met1-Lys169<br>Accession # P17433                                                                                       |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                          |
| Product Application Details |                                                                                                                                                                            |
| Applications                | Western Blot, Immunocytochemistry                                                                                                                                          |
| Recommended Dilutions       | Western Blot, Immunocytochemistry                                                                                                                                          |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                     |
