| Clonality                   | Monoclonal                                                                                                                          |
| Clone                       | 771404                                                                                                                              |
| Preservative                | No Preservative                                                                                                                     |
| Isotype                     | IgG2b                                                                                                                               |
| Conjugate                   | HRP                                                                                                                                 |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                          |
| Buffer                      | PBS                                                                                                                                 |
| Product Description         |                                                                                                                                     |
| Host                        | Mouse                                                                                                                               |
| Gene ID                     | 930                                                                                                                                 |
| Gene Symbol                 | CD19                                                                                                                                |
| Species                     | Rat                                                                                                                                 |
| Specificity/Sensitivity     | Detects rat CD19 in direct ELISAs and Western blots. In direct ELISAs, no cross-reactivity with recombinant human CD19 is observed. |
| Immunogen                   | Chinese hamster ovary cell line CHO-derived recombinant rat CD19 Met1-Gly287<br>Accession # NP_001013255                            |
| Product Application Details |                                                                                                                                     |
| Applications                | Western Blot, Immunohistochemistry                                                                                                  |
| Recommended Dilutions       | Western Blot, Immunohistochemistry                                                                                                  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                              |
