FAB9081R

MMP-8 Antibody (100608) [Alexa Fluor® 647]

| blots, no cross-reactivity with recombinant human (rh) MMP-1, -2, -3, -7, -9, -10, 12, or -13 is observed. Mouse myeloma cell line NS0-derived recombinant human MMP‑8 Phe21-Gly467 Accession # AAZ38714 Notes Alexa Fluor (R) products are provided under an intellectual property license fro Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is at academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made using the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informatic on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, CA 92008 USA or outlicensing@lifetech.com.
