II -10 Antibody (2050B) [Janelia Fluor® 549]

| IL-10 Antibody (2050B) [Janelia Fluor® 549] |   |
|---|---|
| Product Information                         |   |
| Unit Size                                   | 0.1 ml  |
| Concentration                               | Please see the vial label for concentration. If unlisted please contact technical services.                 |
| Storage                                     | Store at 4C in the dark.  |
| Clonality                                   | Monoclonal  |
| Clone                                       | 2050B   |
| Preservative                                | 0.05% Sodium Azide  |
| Isotype                                     | lgG2b   |
| Conjugate                                   | Janelia Fluor 549   |
| Purity                                      | Protein A or G purified from cell culture supernatant   |
| Buffer                                      | 50mM Sodium Borate  |
| Product Description                         |   |
| Host  | Rabbit  |
| Gene ID                                     | 3586  |
| Species                                     | Human   |
| Specificity/Sensitivity                     | Detects human IL-10 in direct ELISAs.   |
| Immunogen                                   | S. frugiperda insect ovarian cell line Sf 21-derived recombinant human IL-10 Met1-Asn178 Accession # P22301 |
| Notes                                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                       |
| Product Application Details                 |   |
| Applications                                | Intracellular Staining by Flow Cytometry, Neutralization  |
| Recommended Dilutions                       | Neutralization, Intracellular Staining by Flow Cytometry  |
| Amuliantiam Natan                           | Onting of dilutions of this postile about the could be a consummer and the data masic and                   |

| <b>Product Application Details</b> |  |
|------------------------------------|--|
| Applications                       | Intracellular Staining by Flow Cytometry, Neutralization               |
| Recommended Dilutions              | Neutralization, Intracellular Staining by Flow Cytometry               |
| Application Notes                  | Optimal dilution of this antibody should be experimentally determined. |
