| <b>Gene ID</b>                     | 351                                                                                                                                                                                                                               |
| <b>Species</b>                     | Human                                                                                                                                                                                                                             |
| <b>Specificity/Sensitivity</b>     | Detects human APP/Protease Nexin II based on Aducanumab therapeutic antibody. This non-therapeutic antibody uses the same variable region sequence as the therapeutic antibody Aducanumab. This product is for research use only. |
| <b>Immunogen</b>                   | Human APP/Protease Nexin II                                                                                                                                                                                                       |
| <b>Notes</b>                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                                                                             |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                   |
| <b>Applications</b>                | Flow Cytometry, CyTOF-ready                                                                                                                                                                                                       |
| <b>Recommended Dilutions</b>       | Flow Cytometry, CyTOF-ready                                                                                                                                                                                                       |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                            |
